

STUDENT SUBMISSION GUIDELINES 2024

All entries for the 2024 DISTRICT-WIDE Student Design Show are due **before April 10, 2024**. This year's show will be a publicly attended week-long LIVE event at the ELKHORN CAMPUS, North Building Commons.

All judging will be done online by professionals from the industry in advance of the show..

Students entering work into this year's show will need to submit **two components**:

- **For the EXHIBIT SPACE:**

- **For the WEB PAGE:**

Properly prepared JPG files (use PNG only for items requiring transparency) to a maximum resolution of 1200 x 1800 pixels.

For multi-component work (campaigns, books with many pages, etc.), 1800 x 2400 will be allowed.

Please see and ADHERE to the details below, or your work may be rejected.

This work **MUST BE SUBMITTED** through the electronic file submission system form. Please speak with your instructor if you would like help submitting items through the form system.

STUDENT ELIGIBILITY

Any student who has participated in Summer 2023, Fall 2023, or Spring 2024 Graphic Communications or Photography courses may submit artwork to the show per the guidelines below.

If there is any uncertainty about eligibility, please contact your instructor.

ALL instructors are aware of the student eligibility requirements for the show.

Rule for Originality of Student Work

The work must be ORIGINAL STUDENT WORK. Any imagery utilized within the artwork that is not an original creation needs to meet open-source criteria or royalty-free status and **NEEDS TO BE IDENTIFIED IN THE ENTRY** in 6-8 point type.

We will include a testimony statement to that effect on the submission.

If you have ANY QUESTIONS, please inquire with your instructor.

Rules for General Work Submission

1. There is a limit of **5 entries max per student**.
2. **ALL ENTRIES should submit a mounted item onto a black presentation board** as listed in the above section. An entry is a single submission in any category. It should be a single image only.
3. If it is necessary to clarify a work in some way, a single inset image is allowable on that image. (Any image may contain a small inset image if it helps to describe the work).
4. The exception to the single image rule is **a set**.

A set is for a single project made up of multiple subcomponents. (example: a comprehensive campaign that constitutes a single project, but is made up of or that consists of multiple components—like a billboard, magazine ad, POP display, and brochure all for a single campaign project).

The set comprises a single entry.

5. REMEMBER—In **ADDITION TO HAVING PREPARED and MOUNTED WORK** for the DESIGN SHOW EXHIBIT SPACE (mounted on boards with labels) **A DIGITAL JPG of the WORK MUST BE ELECTRONICALLY SUBMITTED TO the form collection submission system**.

BOTH COMPONENTS ARE NEEDED, or the entry will not be accepted.

7. Digital file-only submissions (web pages or Web /App prototypes, Videos, etc.) should include a label mounted on a piece of presentation board in addition to the electronic submission.
